

INDUSTRIALECTRIC

THANK YOU FOR CHOOSING INDUSTRIALECTRIC. THE RM-1N NEEDS TO BE POWERED WITH A 9VDC (NEGATIVE CENTER TIP) STYLE ADAPTOR.

DON'T BE ALARMED BY THE ARTIFACTS AND NOISE OF THE BEAST! THIS IS PART OF WHAT MAKES IT UNIQUE. THERE IS A "HEART BEAT" AND HISS NOISE WHEN YOU ARE NOT PLAYING, THE GAIN AND DISTORTION WILL MAKE A RYTHMIC BREAKUP WHEN YOU LET A NOTE SUSTAIN. THESE LITTLE QUIRKS CAN BE USED TO YOUR ADVANTAGE IN THE RIGHT CONTEXT

CURRENT DRAW: 70 MA

RM-1N

CONTROLS:

LEVEL

THE OVERALL MASTER OUTPUT OF THE PEDAL

REVERB MIX

THE BALANCE BETWEEN THE DRY AND REVERB SIGNAL

REVERB DEPTH

HOW DEEP AND MASSIVE THE REVERB WILL SOUND, TURNED ALL THE WAY UP INTRODUCES MASSIVE GAIN AND IS VERY EXPLOSIVE SOUNDING

FEEDBACK

PRODUCES LONGER REVERB TRAILS AND OSCILLATION

PRE-GAIN

THE GAIN STAGE INTRODUCED INTO THE REVERB

POST-GAIN

THE GAIN STAGE INTRODUCED AFTER THE REVERB

tone

THE OVERALL TONE OF THE EFFECT, WET OR DRY

DRONE

THIS KNOB WILL GENERATE A MASSIVE NOISY OSCILLATING DRONE, SOMETHING VERY UNIQUE TO THE CIRCUIT AND STARTS WORKING WHEN TURNED ALMOST UP. YOU CAN GET MORE RANGE WHEN DRIVING THE GAIN STAGES INTO IT.

REVERB OUTPUT

PANS BETWEEN OUTPUT 1&2 OF THE REVERB MODULE, WHEN THE KNOB IS IN THE MIDDLE IT COMBINES BOTH OUTPUTS. THIS IS MEANT TO BE A VERY SUBTLE CHARACTERISTIC AND IF YOU HAVE KEEN EARS YOU'LL BE ABLE TO TELL THE DIFFERENT TEXTURES

HI / LOW SWITCH

SELECTS BETWEEN A HIGHER OR LOWER FREQUENCY OF THE REVERB

REVERB LENGTH SWITCH

WHEN THIS SWITCH IS ENGAGED IT DISABLES THE FEEDBACK KNOB AND THE REVERB MIX, REVERB DEPTH, AND REVERB OUTPUT KNOBS CAN BE USED TO DIAL IN VERY LONG REVERB TRAILS AND INFINITE DECAY!

BYPASS (BOTTOM RIGHT) MOMENTARY (BOTTOM LEFT)
FOOTSWITCHES

**MAIN BYPASS SWITCH TO TURN THE EFFECT ON AND OFF (TRUE BYPASS)
AND MOMENTARY WHICH TRIGGERS OSCILLATION AND FEEDBACK ON THE
FLY AND IN OTHER SETTING CAN BE USED TO CONTROL THE REVERB
DECAY**

WARRANTY:

**ALL INDUSTRIALELECTRIC DEVICES COME WITH A 1 YEAR
WARRANTY, PARTS AND LABOUR. THE WARRANTY IS VOIDED IF THE
DEVICE IS DAMAGED BY ACCIDENTALLY / INTENTIONALLY USING
IMPROPER POWER SUPPLIES (DAMAGING OR FRYING THE CIRCUIT)
ACCIDENTAL / INTENTIONAL SPILLS (DAMAGING OR FRYING THE
CIRCUIT WITH LIQUIDS) OR ACCIDENTAL / INTENTIONAL MISUSE
AND ABUSE OF THE DEVICE AND CIRCUIT (PHYSICAL, FILTH, HEAT,
COLD, MOISTURE, DIY OR TAMPERING)**

**IF THERE IS A PROBLEM WITHIN THE 1 YEAR WARRANTY, WE DO
NOT COVER THE SHIPPING OF THE DEVICE BACK TO US BUT WE DO
COVER THE PARTS, LABOUR AND SHIPPING OF THE DEVICE BACK TO
YOU. AFTER THE 1 YEAR WARRANTY IF THERE IS A PROBLEM,
SHIPPING BOTH WAYS IS NOT COVERED AND THERE WILL BE A
PARTS AND LABOUR FEE FOR THE REPAIR.**
